

Petition for labelling of genetically modified foods.

We, the undersigned residents of Canada, draw the attention of the House of Commons to the following:

WHEREAS Canadians have a right to make informed choices when purchasing products;

THEREFORE we call on the Government of Canada to introduce mandatory labelling of products containing ingredients that have been genetically modified and undertake a balanced approach to the use of genetically modified organisms that considers the health and sustainability of our environment and communities, the protection of biodiversity, and the economic interests of farmers.
